

QUALITY POLICY

COMMITMENT TO QUALITY AND CONTINUOUS IMPROVEMENT

GOPACK SRL resolutely pursues the continuous improvement of its Quality Management System, with the aim of fully meeting the needs and expectations of customers and all stakeholders, ensuring full compliance with regulatory requirements, particularly regarding the safety and quality of packaging intended for contact with food.

The company guides every action towards excellence, basing its choices on values of responsibility, innovation and sustainability, supporting customer and market growth.

STRATEGIC PRINCIPLES AND GUIDELINES

- the adoption of the **process approach and risk-based thinking** at all levels of the company;
- the **use of highly qualified suppliers** through a careful initial selection based on criteria of professionalism, competence and quality and a periodic evaluation of the reliability and quality of the products/services provided;
- the **development of own-brand products** ensuring a reliable supply chain and innovative technical solutions for used materials and technology;
- **maintaining a warehouse with a wide range of products and availability** in order to ensure the customer receives prompt delivery of items with greater demand;
- **assure the customer precision in deliveries**, reducing errors in order acceptance, shipment preparation and delivery time.

OUR GOAL

"Ensure customers receive safe, innovative, and timely solutions, in compliance with the highest standards of quality and sustainability."

The Management is committed to disseminating this Quality Policy at all levels of the company, promoting its application and ensuring its constant review to keep it always current and effective.
